

PROFESSIONAL beauty REGIONAL AWARDS

Announcing the Wales Beauty Salon of the Year 2016 winner

The Professional Beauty Awards gave British salons and spas the chance to shine with the first ever Professional Beauty Regional Awards and it was a winning night for local beauty salon Tranquillity Beauty Studio as they scooped a top award.

A panel of independent industry experts judged all the finalists before mystery clients put them all through their paces experiencing treatments and reporting back to the expert judges. Mark Moloney, Managing Director of Professional Beauty comments, "The British beauty industry is world renowned. To be a winner is a huge achievement and the judges said this category was full of outstanding beauty salons, making it a particularly tough one to judge. We salute them in their success and wish them all the best for the Professional Beauty Awards next year."

Collecting the award salon owner Lindsay Thompson said "I can't believe we've won beauty salon of the year! I'm so pleased for the whole team, we've gone from strength to strength this year and that's down to my amazing team who work so hard. We have fantastic clients who believe in us and love their treatments, that's what it's all about!"

Hair no more Managing Director, Josh Yardley commented “Without salons delivering excellence to consumers, we can't grow as an industry. As brands, we support our beauty salons, but ultimately it's down to the individual salons who put us on the map. It gives me great delight to award Tranquillity with this award as they are extremely deserving of this success.”

Manchester’s stunning The Monastery hosted the glittering ceremony that saw celeb host Rick Edwards present the winners with their trophy. As the excitement of winning takes hold, it’s only the start of the journey as they are now automatically entered into the national Professional Beauty Awards, held in London in February 2017.

The first ever Regional Professional Beauty Awards were brought to you in association with Alumier MD, BTL Aesthetics, Elemis, Hair no more, Heaven by Deborah Mitchell, iiaa, INK London, Katherine Daniels Cosmetics, Megawhite and Sesderma.
